January, 1958

the Petroleum Engineer

Vol. 30, No. 1
Part 2

INDEX to Vol. XXIX

From January, 1957 to December, 1957, inclusive

SUBJECT INDEX

TITLE OF ARTICLE AND AUTHOR	Page	Month
American Petroleum Institute API Board Tackles Big Job	A-30	Nov.
Automation Problem Solving, David R. Miller	E-12	March
Instruments and Control Equipment Directory	E-7	Sept.
Communication Communication: "Do You Want Superior Reports?" Eleventh of a series, Dennis Murphy	E-19	Feb.
Communication: "Are We Using Our Powers of Observation?" Twelfth of a series, Dennis Murphy	E-8	March
Company Organization How Does Your Management Rate?	E-5	March
Directories Instruments and Control Equipment Directory	E-7	Sept.
You Can Buy it in Venezuela, Part 1	B-58	Nov.
You Can Buy it in Venezuela, Part 2	B-112	Dec.
Economics Outlook for 1957: A Record Breaker, Ernestine Adams	A-20	Jan.
Petroleum Accounting	A-28	Jan.
How Refiners Make Hi-Octane Gasoline, T. W. Warren and R. C. Kersten	E-8	Feb.
Companies Advance on Broad Front, Ernestine Adams	A-17	May
The $1278 Challenge, J. C. Hurley	E-7	May
The Petroleum Industry—Source of Chemical Raw Materials, W. E. Kuhn and J. W. Hutcheson	E-3	June
Oil Imports Vs the Drilling Contractor, Jack H. Abernathy	B-44	Aug.
Industry Moves Ahead in Free World	E-8	Oct.
Who Got New Venezuelan Concessions and What They Cost, Neal R. VanMiddlesworth	E-6	Nov.
USSR Oil Industry to Try Decentralization, Charles L. Adams	E-15	Nov.
New Record Earnings in Prospect for 1957, Ernestine Adams	E-6	Dec.
Test Your Tax I. Q.	E-11	Dec.
A Problem That Can't Quit	E-12	Dec.
Capital Budgeting for Petroleum Operations, Homer N. Mead	B-89	Dec.
Education 49 Executives Teach Texas A & M Course, Ed Kidd	E-9	April
Informal Discussions Key to Program, Paul E. Holden	E-27	May
How to be Human on the Job, Wallace G. Strathern	E-8	June
Ohio State Presents Split Course, William R. Davidson	E-17	June
Short Course in Uncle Sam's Defenses, H. T. Deutermann	E-8	Aug.
LSU Offers Specially Designed Courses, James W. Reddoch	E-16	Aug.
Commencement Day for Executives, Ruth A. Driscoll	E-12	Sept.
Use that Printed Word, DeWitt C. Reddick	E-3	Oct.
Educators Comment on Venezuelan Visit	E-3	Nov.
Advance Management Course in Caracas	E-8	Nov.
Education on the Oil Front	E-12	Nov.
Engineering Company Engineers Handle Most Problems, Carl W. Barkow	E-8	Jan.
Problem Solving, David R. Miller	E-12	March
Dynamic Measurement in the Petroleum Industry	E-2	July 15
FOREIGN		
General Going Into Foreign Operations? Burney Braly	E-11	Feb.
Suez Fails to Slow Oil Progress, Ernestine Adams	A-2	April
Canada Canada Has Its Biggest Year, H. G. Cochrane	E-3	May
Indonesia Oil Company Pushes Back Jungles—People Follow	E-5	Nov.
Italy New Law Won't Get Job Done, Wallace A. Sawdon	E-15	Oct.
Sumatra Oil Company Pushes Back Jungles—People Follow	E-5	Nov.
USSR USSR Oil Industry to Try Decentralization, Charles L. Adams	E-15	Nov.
Venezuela Keys to Venezuela, an interview with Dr. Edmundo Luongo Cabello	A-18	Nov.
Venezuela—Land of the Big Boom, Ernestine Adams	A-21	Nov.
Why Venezuelan Laws Draw Outside Capital, an interview with Dr. Carlos Perez de la Cova	A-27	Nov.
Educators Comment on Venezuelan Visit	E-3	Nov.
Who Got New Venezuelan Concessions and What They Cost, Neal R. VanMiddlesworth	E-6	Nov.
Advance Management Course in Caracas	E-8	Nov.
Education on the Oil Front	E-12	Nov.
If You're Going to Work in Venezuela	B-50	Nov.
You Can Buy it in Venezuela, Part 1	B-58	Nov.
You Can Buy it in Venezuela, Part 2	B-112	Dec.
Industrial Relations New Employee Orientation	E-4	Jan.
What Does the Engineer Expect of Management? R. F. Parker	E-4	Feb.
What Does Management Expect of the Engineer? W. F. Rockwell, Jr.	E-5	Feb.
Legislation 4 Views of Natural Gas Legislation	E-3	July 1
1. Measuring the Fourth Dimension, William R. Connole	E-4	July 1
2. Transporter Surveys the Issues, Joseph J. Hedrick	E-5	July 1
3. What the Gas Distributor Sees, John E. Heyke	E-6	July 1
4. Gas Producer Pinpoints Problems, Arch H. Rowan	E-7	July 1
New Law Won't Get Job Done, Wallace A. Sawdon	E-15	Oct.
Why Venezuelan Laws Draw Outside Capital, an interview with Dr. Carlos Perez de la Cova	A-27	Nov.
A Problem That Can't Quit	E-12	Dec.
Operations Research Why Should Management be Interested in Operations Research, Gilbert C. Jacobus	E-3	Aug.
How Operations Research Works, Gilbert C. Jacobus	E-11	Oct.
Operations Research: Aid to Decision, Gilbert C. Jacobus	E-17	Dec.
Personnel What Does the Engineer Expect of Management? R. F. Parker	E-4	Feb.
What Does Management Expect of the Engineer? W. F. Rockwell, Jr.	E-5	Feb.
How To Write Better Technical Articles, John L. Kent	E-2	March
How Does Your Management Rate?	E-5	March
Employee Attitudes and Productivity, Charles C. Gibbons	E-3	April
Is Freedom Necessary to Science? Freeman Dyson	E-6	April
The $1278 Challenge, J. C. Hurley	E-7	May
Main Guide Posts for a Good Manager, John W. Newton	E-20	May
Brainstorming, Charles H. Clark	E-5	Aug.
The Creed We Work By	E-7	Aug.
Made to Measure, Stanley G. Dickinson	E-11	Aug.
How Do You Solve That Overtime Question? Robley D. Stevens	E-14	Aug.
How Researchers Can Work Effectively, J. C. Raaen	E-21	Sept.
People in Petroleum	E-10	Nov.
Use Your "Noggin"	E-4	Dec.
More Interest on Your Training Dollar, Carl Mullins White	E-8	Dec.
Research Is Freedom Necessary To Science, Freeman Dyson	E-6	April
A Many-Splendored Definition of Opsearch	E-24	May
30 Years of Growth Puts Phillips Center Among Top Research Organizations	E-14	June
Three New Laboratories Make Gulf's Research Center One of the World's Largest, Ernestine Adams	E-21	July 1
Reap the Research, Ernestine Adams	E-3	Sept.
Short Course for Research Writers, C. D. Graham, Jr.	E-6	Sept.
Safety's in on the Search	E-14	Sept.
Public Relations Clergy Takes a Look at Oil	E-3	Jan.
Writing How To Write Better Technical Articles, John L. Kent	E-2	March
Use that Printed Word! DeWitt C. Reddick	E-3	Oct.
Paper Weight—The Heaviest Thing on an Engineer's Mind, Vince Gates	E-25	Oct.
How to Be Interesting Though Factual	E-21	Dec.

Management Edition

Drilling and Producing Edition

TITLE OF ARTICLE AND AUTHOR	Page	Month

EXPLORATION

Aerial Photography Photogeology Finds a Place in the Four Corners, Lowell E. Bogart — B-53 — Dec.
Areas of Promise Gas Production on Utah's Wasatch Plateau, C. R. Graham — B-53 — Jan.
Iron County—Graveyard Turned Goldmine, Mark A. Eidelbach and Orval Denman — B-76 — Jan.
Venezuela is Divided into Three Basins, Guillermo Zuloaga — B-31 — Nov.
Bigger Things Ahead for Booming Four Corners: Today: Boom, 1957 Style, Val Cooper — B-21 — Dec.
Past: Oil and Gas History Dates to 1911, Val Cooper — B-23 — Dec.
Future: Tomorrow's Discoveries in the Paradox Basin, J. L. Tatum — B-24 — Dec.
Future: Tomorrow's Discoveries in Black Mesa Basin, Harrell Budd — B-25 — Dec.
Equipment Instruments and Control Equipment Directory — E-7 — Sept.
Exploration What Top Management Says About Offshore Operations — B-24 — June
Trinidad Looks Offshore — B-109 — July 1
Field Studies The Fashing Fault Find, Robert M. Knebel — B-21 — Feb.
Foreign Fields Mid-East Crisis Spurs Western Hemisphere Oil Search — B-134 — Jan.
Trinidad Looks Offshore — B-109 — July 1
Superior Hits Jackpot in the Lake, Don Taylor — B-53 — Nov.
In Venezuela—Well Data Hard to Come By — B-188 — Nov.
Geographic Suez Fails to Slow Oil Progress, Ernestine Adams — A-21 — April
Canada Has Its Biggest Year, H. G. Cochrane — E-3 — May
Bigger Things Ahead for Booming Four Corners: Today: Boom, 1957 Style, Val Cooper — B-21 — Dec.
Past: Oil and Gas History Dates to 1911, Val Cooper — B-23 — Dec.
Future: Tomorrow's Discoveries in the Paradox Basin, J. L. Tatum — B-24 — Dec.
Future: Tomorrow's Discoveries in Black Mesa Basin, Harrell Budd — B-25 — Dec.
Geophysical Bigger Things Ahead for Booming Four Corners. Today: Boom, 1957 Style, Val Cooper — B-21 — Dec.
Past: Oil and Gas History Dates to 1911, Val Cooper — B-23 — Dec.
Future: Tomorrow's Discoveries in the Paradox Basin, J. L. Tatum — B-24 — Dec.
Future: Tomorrow's Discoveries in Black Mesa Basin, Harrell Budd — B-25 — Dec.
Gravity Methods "Structural Correction" for Gravity Maps, Jonathan W. Phillips — B-35 — July 1
Instruments Instruments and Control Equipment Directory — E-7 — Sept.
Maps Recommended Oil-Mapping Symbols — B-150 — Aug.
Offshore Prospecting The Big Offshore Picture—to 1970, C. R. Graham — B-21 — May
Offshore Offers Best Results, Ira H. Cram — B-21 — June
The Industry's Adventure at Sea, Howard A. McKinley — B-104 — June
The Graphic Story of Offshore Oil — B-103 — Aug.
Organizations AAPG Nominates 1958 Officer Slate — B-102 — Aug.
Research Three New Laboratories Make Gulf's Research Center One of the World's Largest, Ernestine Adams — E-21 — July 1
Seismograph Sub-Sea Seismic Tool — B-134 — March
Gulf Seismic Profile Printer — B-106 — May
Transportation Water Buggy for Coastal Mudflats — B-134 — July 1
Weather Hurricanes, Their Force, Formation and Forecasting — B-26 — Aug.
Hurricanes—Their Force, Formation and Forecasting, Part 2, Herbert Riehl — B-66 — Sept.

DRILLING

Air and Gas Drilling Air Drilling Pays Dividends, LeRoy Radford — B-21 — Jan.
Air and Gas Drilling Cuts Costs 22 Percent, J. H. Adams — B-30 — May
Problems in Drilling a Deep Slim Hole, Victor R. Williams — B-42 — Oct.
Reduced Pressure Drilling, Roy A. Bobo and George S. Boudreaux — B-56 — Oct.
Gas Drilling and Gas Well Completions in the San Juan Basin, Morris B. Jones — B-64 — Dec.
Bits Wire-Line Retractable Rock Bits, J. M. Camp, J. E. Ortloff and R. H. Blood — B-38 — Oct.
Blowout Control Blowout Prevention, Tom Gaines — B-28 — Feb.
Controlling Wild Wells, Don Taylor — B-74 — June
Blowout Control Begins Before They Occur, Homer N. Mead — B-31 — Sept.
Braking Equipment New Magnetic Particle Brake, James A. LeVelle — B-47 — Jan.
Cable Tools Cable Tool Fishing Job — B-129 — Sept.
Casing 15,400 ft of Slick Casing — B-68 — April
Drilling Fundamentals—Casing Program — B-72 — April
Cementing New Latex-Cement Solves Special Well Problems, J. T. Rollins and R. D. Davidson — B-48 — Feb.
Principles and Practices of Cementing, D. F. Jahns — B-64 — March
DE—An Aid to Cementing Casing Through Salt Zones — B-100 — March
A High-Temperature Oil Well Cement, I. R. Dunlap and F. D. Patchen — B-60 — Nov.
Radioactive Tracer Logging With Oil Well Cementing — B-95 — Nov.
Completion Practices Parallel Macaroni String Cuts Well Costs, H. U. Garrett and Donald M. Taylor — B-38 — Jan.
Well Completion Program in Lake Maracaibo, D. M. Koons — B-47 — June
Completing a High-Pressure Offshore Well, Harold A. Simpson — B-62 — June
Jet Rings to Facilitate Caisson Penetration, J. W. Peret — B-132 — June
Four Corners Drilling and Completion Methods With Money Saving Motivvs, Donald M. Taylor — B-26 — Dec.
Crooked Holes How to Determine Hole Curvature — B-42 — Feb.
How Straight Does a Hole Need To Be?, Hugh Faulk, H. N. Stansbury, R. M. Willis, and A. B. Tanco — B-31 — March
Deep Drilling 150 Deep Wells Cost $100,000,000 in 1956, Ernestine Adams — B-21 — March
Drilling the World's Hottest Well, R. E. Keen — B-21 — Oct.
Problems in Drilling a Deep Slim Hole, Victor R. Williams — B-42 — Oct.
Degassers Degassers, C. R. Graham — B-81 — Dec.
Directional Drilling Controlled Directional Drilling, James A. LeVelle — B-77 — Oct.
Directories Offshore Rig Locator — B-93 — June
Drilling Contractor How to Sell More than Just so Many Feet of Hole, Eugene Whitmore — B-43 — March
Drilling Contractors' Silent Salesmen, Eugene Whitmore — B-33 — April
Contractors' Plans and Hopes for the Future — B-102 — July 1
Seventeenth AAODC Convention — B-87 — Oct.
17th Annual Drilling Contractors Meet — B-89 — Nov.
Contract Drilling Gains Favor in Venezuela — B-128 — Nov.
Drilling Costs Effect of Modern Drilling Technology on Well Costs, Douglas Ragland — B-33 — Jan.
Drilling Rig Replacement Lagging — B-42 — April
The Rise and Fall in Contract Drilling — B-96 — April
Dry Hole Money . . . The Fair Contribution, John H. Folks — B-21 — July 1
Drilling Costs in California, R. C. Sharp and John J. LaBouff — B-78 — July 1
Drilling the World's Hottest Well, R. E. Keen — B-21 — Oct.
Ways to Reduce Oilfield Equipment and Service Costs, Rainey Elliott and F. M. Mayer — B-34 — Dec.
Drilling Fundamentals Tongs and Power Tongs, C. E. Murphy — B-124 — Jan.
Wire Rope, Jim Walker — B-53 — Feb.
Casing Program — B-72 — April
Controlled Directional Drilling, James A. LeVelle — B-77 — Oct.
Drilling Practices Effect of Modern Drilling Technology on Well Costs, Douglas Ragland — B-33 — Jan.
Fifteen "Rig-Tested" Drilling Ideas at Work — B-143 — Oct.
Engines and Maintenance High Temperature Cooling for Drilling Engines, Donald M. Taylor — B-36 — March
Equipment Instruments and Control Equipment Directory — E-7 — Sept.
Equipment Development Shock-Testing Extreme Duty Valves — B-112 — Feb.
What You Should Know About Oil Field Chain, Harry Reid — B-130 — Feb.
Improved Ring Gasket for API Flanges — B-111 — May
New Percussion Drill Shows Great Promise — B-32 — July 1
New Concepts Spark Drilling Developments, James A. LeVelle — B-39 — July 15
A New Super Glass, Donald M. Taylor — B-78 — Aug.
Fires—Hazards and Prevention Controlling Wild Wells, Don Taylor — B-74 — June
Fishing Tools and Techniques Cable Tool Fishing Job — B-129 — Sept.
Geographic Suez Fails to Slow Oil Progress, Ernestine Adams — A-21 — April
Canada Has Its Biggest Year, H. G. Cochrane — E-3 — May
Hauling Largest Mobile Rig Proves Its Worth — B-112 — July 1
Indonesia Oil Company Pushes Back Jungles—People Follow — E-5 — Nov.
Instruments Instruments and Control Equipment Directory — E-7 — Sept.
Logging Electrical Resistivities of Oil Field Brines in Northeast Texas, Murphy E. Hawkins — B-52 — July 1
Drilling the World's Hottest Well, R. E. Keen — B-21 — Oct.
Charts Speed Porosity Evaluation of Radiation Logs — B-95 — Oct.
Interpretation of Radioactivity Logs in the Paradox Basin, V. C. Stephenson and Ken Simmons — B-32 — Oct.
Marine Drilling Two Mobile Drilling Giants Get Set for Action — B-25 — April
The Big Offshore Picture—to 1970, C. R. Graham — B-21 — May
Newest Tripod Drilling Barge Joins Offshore Fleet — B-28 — May
Cathodic Protection of Offshore Structures, A. H. Masaad and B. G. Holmes — B-73 — May
California Operators Develop Underwater Drilling, James A. LeVelle — B-37 — June
California's Lone Mobil Barge — B-46 — June
'Mr. Arthur'—New Mobile Submersible Drilling Giant, Harvey B. Elder, Jr. — B-53 — June
Lake Maracaibo Type Drilling Tenders, W. E. Harrelson — B-183 — June
Drilling Tenders Become "Out of Stock" Item — B-188 — June
Lake Maracaibo Gets First Aluminum Offshore Drilling Structure — B-113 — Oct.
Creole's Revised Classification of Hazardous Area on Barges, J. C. K. Muhlenberg — B-143 — Nov.
Material Controls Effective Inventory Control of Drilling Equipment, J. E. Kastrop — B-122 — Oct.
Methods New Concepts Spark Drilling Developments, James A. LeVelle — B-39 — July 15
Drilling the World's Hottest Well, R. E. Keen — B-21 — Oct.
Reduced Pressure Drilling, Roy A. Bobo and George S. Boudreaux — B-56 — Oct.
Four Corners Drilling and Completion Methods With Money Saving Motivvs, Donald M. Taylor — B-26 — Dec.
Muds How Low Solid Muds Can Cut Drilling Costs, H. E. Mallory — B-21 — April
Everybody Loves the Centrifuge!, Ray W. Williams and John Mesaros — B-44 — April
How Mud Properties Affect Drilling Rate, R. A. Cunningham and W. C. Goins, Jr. — B-119 — May
Drilling the World's Hottest Well, R. E. Keen — B-21 — Oct.
Salt-Contaminated Drilling Muds, W. Hodge Caraway — B-104 — Oct.
Offshore Operations 6000 Horsepower Designed in "Mr. Gus II" — B-123 — Feb.
Trinidad Looks Offshore — B-109 — July 1
The Graphic Story of Offshore Oil — B-103 — Aug.
Lake Maracaibo Gets First Aluminum Offshore Drilling Structure — B-113 — Oct.
World-Wide Offshore Fleet Grows — B-156 — Oct.

TITLE OF ARTICLE AND AUTHOR	Page	Month
Outlook Drilling Review and Forecast, Jack H. Abernathy	B-24	Feb.
Perforating New Shaped Charge Packs Bigger Wallop, J. E. Kastrop	B-66	Jan.
Pressure Drop Across Perforations Can be Computed, Robert Wade Brown and Bruce Gilbert	B-82	Sept.
Pumps, Mud "Electrocardiograph" for a Mud Pump	B-91	May
At Only 15½ lb per hp, New Mud Pump Packs 1500-hp Wallop	B-118	Oct.
Research AAODC Conducts Field Research on Weight-Speed vs Penetration	B-52	Feb.
How Mud Properties Affect Drilling Rate, R. A. Cunningham and W. C. Goins, Jr.	B-119	May
Three New Laboratories Make Gulf's Research Center One of the World's Largest, Ernestine Adams	E-21	July 1
New Percussion Drill Shows Great Promise	B-32	July 1
Wire-Line Retractable Rock Bits, J. M. Camp, J. E. Ortloff, and R. H. Blood	B-38	Oct.
Salt-Contaminated Drilling Muds, W. Hodge Caraway	B-104	Oct.
Rigs Foreign Bound Rigs Get Pre-Assembly Test	B-102	April
Skid Mounted Offshore Workover Rigs, R. J. Silberman	B-172	June
Safety Drilling Safety—An Operator Demands It!, S. C. Oliphant	B-27	Jan.
A Pro and Con Discussion of Safety Incentive Programs, W. R. Harrington and John P. Carpenter	B-30	Oct.
Slim Hole Drilling A Case for Small Hole Completions, G. E. Cannon and R. A. Watson	B-82	May
Sumatra Oil Company Pushes Back Jungles—People Follow	E-5	Nov.
Transportation Offshore Airlift	B-149	June
Newest Helicopter Offshore Navigation Aid	B-158	June
Nigerian Oil Safari	B-30	July 1
Rig Lift in Papua	B-52	Oct.
The Aneth Haul, Tom V. Broadbent	B-46	Dec.
Trucking Rig Skid by Night	B-70	April
Unitized Rigs Largest Mobile Rig Proves Its Worth	B-112	July 1
Weather Hurricanes, Their Force, Formation and Forecasting	B-26	Aug.
Hurricanes—Their Force, Formation and Forecasting, Part 2, Herbert Riehl	B-66	Sept.
Wire Rope Drilling Fundamentals—Wire Rope, Jim Walker	B-53	Feb.
Workovers Skid Mounted Offshore Workover Rigs, R. J. Silberman	B-172	June

PRODUCTION

Acidizing Hydraulic Horsepower Requirements for Well Treatment, Robert W. Brown and George H. Neill	B-53	March
Automatic Production Controls Pneumatic LACT System Trims Labor, Maintenance Costs	B-104	Jan.
Automatic Custody Transfer of Crude Oil, H. C. Packard, Harold S. Kelly and A. H. Newberg	B-31	Feb.
Complete Automation in Water Injection, R. H. Travis	B-76	Feb.
Ventura Field's Automatic Alarm System	B-82	March
Fluctuating Gas Flow Controlled Automatically	B-53	April
Packaged Lease Automatic System Controls Production	B-134	May
Casing 15,400 Ft of Slick Casing	B-68	April
Cementing Production Fundamentals—Principles and Practices of Cementing, D. F. Jahns	B-64	March
DE—An Aid to Cementing Casing Through Salt Zones	B-100	March
A High-Temperature Oil Well Cement, I. R. Dunlap and F. D. Patchen	B-60	Nov.
Communications First Offshore Microwave System, C. R. Graham	B-33	June
Completion Practices Parallel Macaroni String Cuts Well Costs, H. U. Garrett and Donald M. Taylor	B-38	Jan.
A Case for Small Hole Completions, G. E. Cannon and R. A. Watson	B-82	May
Well Completion Program in Lake Maracaibo, D. M. Koons	B-47	June
Completing a High-Pressure Offshore Well, Harold Simpson	B-62	June
Jet Rings to Facilitate Caisson Penetration, J. W. Peret	B-132	June
Effect of Drilling and Completion Methods on Producing Well Performance, G. M. Stearns	B-35	Aug.
How to Evaluate Gas Well Damage by Pressure Build-Up Tests, R. S. Wansbrough	B-47	Sept.
Removing Water to Increase Gas Well Productivity, Norman F. Brown	B-90	Sept.
Causes, Prevention, Evaluation and Cure of Formation Damage, Carl Gatlin	B-102	Nov.
Four Corners Drilling and Completion Methods with Money Saving Motives, Donald M. Taylor	B-26	Dec.
Controls First Offshore Microwave System, C. R. Graham	B-33	June
Control Equipment Freeze Plug Frees Frozen Valve	B-80	Sept.
Corrosion Corrosion Inhibitor Injection via the Liquid Type Dump Bailer, Victor W. Maxwell	B-102	Feb.
Cathodic Protection of Offshore Structures, A. H. Massad and B. G. Holmes	B-73	May
Chemical Additive Pump	B-50	July 1
Does the Inhibitor Squeeze Method Work? R. H. Poetker, P. C. Brock, and S. A. Huckleberry	B-102	Dec.
Equipment First Offshore Microwave System, C. R. Graham	B-33	June
Equipment Development Shock-Testing Extreme Duty Valves	B-112	Feb.
New Horizons in Production Technology, Grover Kilgore	B-52	March
Improved Ring Gasket for API Flanges	B-111	May
A New Super Glass, Donald M. Taylor	B-78	Aug.
Instruments and Control Equipment Directory	E-7	Sept.
Evaluation Short Cut Valuation of Producing Properties, C. W. Awalt	B-38	Aug.
Field Developments Gas Production on Utah's Wasatch Plateau, C. R. Graham	B-53	Jan.
Irion County—Graveyard Turned Goldmine, Mark A. Eidelbach and Orval Denman	B-76	Jan.
Oklahoma's Deepest Production, Glenn M. Stearns	B-61	April
Persian Gulf's First Offshore Oil	B-156	June
Fracturing Hydraulic Horsepower Requirements for Well Treatment, Robert W. Brown and George H. Neill	B-53	March
Big Frac in East Texas, F. J. Shell	B-117	March
Soap-Oil Systems for Formation Fracturing, A. R. Hendrickson, L. E. Nesbitt and B. D. Oakes	B-58	May
Formation Fractures in One Controlled Plane, J. E. Kastrop	B-21	Aug.
New Down-Hole Fracturing Booster	B-134	Sept.
Gas Compression Packaged Compressors Cut Production Costs, Donald M. Taylor	B-48	March
Gas Injection Updip Oil Recovery by Downdip Gas Injection, R. M. Morrow	B-28	April
Gas Lift How to Design a Closed Rotative Gas Lift System, H. W. Winkler	B-35	May
Fundamental Design of Gas Lift Systems, C. V. Kirkpatrick	B-41	July 1
Removing Water to Increase Gas Well Productivity, Norman F. Brown	B-90	Sept.
Geographic Suez Fails to Slow Oil Progress, Ernestine Adams	A-21	April
Canada Has Its Biggest Year, H. G. Cochrane	E-3	May
Instruments Instruments and Control Equipment Directory	E-7	Sept.
Logging Electrical Resistivities of Oil Field Brines in Northeast Texas, Murphy E. Hawkins	B-52	July 1
Charts Speed Porosity Evaluation of Radiation Logs	B-95	Oct.
Radioactive Tracer Logging With Oil Well Cementing	B-95	Nov.
Interpretation of Radioactivity Logs in the Paradox Basin, V. C. Stephenson and Ken Simmons	B-32	Dec.
Oil Recovery Pilot LPG Injection Underway at Bisti, Donald M. Taylor	B-38	Dec.
Outlook Producers' 1956 Record, '57 Aims, Robert L. Wood	B-25	Feb.
The Big Offshore Picture—to 1970, C. R. Graham	B-21	May
Perforating New Shaped Charge Packs Bigger Wallop, J. E. Kastrop	B-66	Jan.
Lab Analyzes Perforations for Flow	B-134	April
Pressure Drop Across Perforations Can be Computed Robert Wade Brown and Bruce Gilbert	B-82	Sept.
Pressure Maintenance Pressure Maintenance in the Goldsmith Field	B-28	Jan.
Magnolia Plans Big Miscible Displacement Recovery Project	B-84	Aug.
World's Largest Gas Conservation Plant	B-118	Aug.
Producing Rates Effect of Drilling and Completion Methods on Producing Well Performance, G. M. Stearns	B-35	Aug.
Production Costs Ways to Reduce Oilfield Equipment and Service Costs, Rainey Elliott and F. M. Mayer	B-34	Dec.
Production Fundamentals Corrosion Prevention in Gas Condensate and Sweet Oil Wells, Morris Rock	B-111	Jan.
Natural Gas Processing by Low Temperature Separation, Jack L. Wiggins	B-65	Feb.
Principles and Practices of Cementing, D. F. Jahns	B-64	March
Treating Oil Field Emulsions, Jack L. Wiggins	B-47	May
Fundamental Design of Gas Lift Systems, C. V. Kirkpatrick	B-41	July 1
Causes, Prevention, Evaluation and Cure of Formation Damage, Carl Gatlin	B-102	Nov.
Pumping Keys to Effective Down-Well Gas Separation, John R. Brennan	B-38	April
Placement of Subsurface Pumps, Owen Snow	B-96	May
Richmond Solves Viscous Oil Problem at Boscan, Guy Lebourgeois	B-38	Nov.
Research New Horizons in Production Technology, Grover Kilgore	B-52	March
Three New Laboratories Make Gulf's Research Center One of the World's Largest, Ernestine Adams	E-21	July 1
Reservoir Engineering Graphic Method Used in Predicting Gas-Condensate Well Productivity, Richardo C. Prian and Orlando R. Gomez	B-53	Aug.
Latest Oil Recovery Idea, Norman J. Clark, G. M. Andreen and A. J. Wessely	B-21	Sept.
How to Evaluate Gas Well Damage by Pressure Build-Up Tests, R. S. Wansbrough	B-47	Sept.
Depletion Calculations for Segregation Drive, T. A. O'Brien	B-28	Nov.
Secondary Recovery Secondary Recovery: Early and Late, Frederick Squires	B-80	Feb.
Tax Value of Secondary Recovery Production, R. T. Savage	B-90	March
Income Tax Aspects of Secondary Recovery Projects, A. E. Aikman	B-107	April
Oil Recovery by Miscible Displacement after Waterflooding, A. W. Talash and Paul B. Crawford	B-27	Sept.
Separation Production Fundamentals—Natural Gas Processing by Low Temperature Separation, Jack L. Wiggins	B-65	Feb.
Hallsville Gas Handling System, C. K. Gravis and R. E. Fields	B-109	Sept.
Storage Formation Strength in Salt Cavern Storage, D. F. Jahns	B-96	Aug.
Tank Batteries Hallsville Gas Handling System, C. K. Gravis and R. E. Fields	B-109	Sept.
Transportation Offshore Airlift	B-149	June
Newest Helicopter Offshore Navigation Aid	B-158	June
Richmond Solves Viscous Oil Problem at Boscan, Guy Lebourgeois	B-37	Nov.
The Aneth Haul, Tom V. Broadbent	B-46	Dec.
Treating Production Fundamentals—Treating Oil Field Emulsions, Jack L. Wiggins	B-47	May
Tubular Goods Hydrostatic Pressure Testing Tubular Goods in the Field, Carlos Bendiks	B-33	Nov.
Water Flooding Water in the Production of Oil, Paul D. Torrey	B-83	Jan.
Choice of a Water Supply for Waterflooding, Donald E. Menzie	B-25	July 1
Latest Oil Recovery Idea, Norman J. Clark, G. M. Andreen and A. J. Wessely	B-21	Sept.
Oil Recovery by Miscible Displacement after Waterflooding, A. W. Talash and Paul B. Crawford	B-27	Sept.
Unusual Magnolia Field Waterflood Plan, S. W. Kingsbury	B-40	Sept.
